History /

Biographical:

The A. O. Wheeler Hut is located at Rogers Pass National Historic Site in Glacier National Park. The hut was built between 1945 and 1946, and it is a Recognized Federal Historic Building. The hut is named after one of the founding members of the Alpine Club of Canada, Arthur Oliver Wheeler. A. O. Wheeler was the first President of the Alpine Club of Canada, and he served as Honorary President of the Club for almost twenty years.

According to the Alpine Club of Canada's website:

"Carrying on the tradition of the Glacier House which was closed in 1925 and now exists only as a few concrete foundation pieces, the Wheeler Hut serves as a base for the legendary powder skiing of the Rogers Pass area. In summer there are numerous opportunities for climbing and hiking.

This is the birthplace of alpinism in North America. Many of the routes are steeped in tradition and history, an interesting fact to remember as you reach for that next impeccable quartzite handhold or take that next footstep along one of the many trails which wind through the lush cedar forests that dominate the region.

This is the one and only ACC hut which can be reached by vehicle in summer. Winter access is a mere 2 km along a well-broken and level trail.

It is difficult to convey to the first time visitor the number and quality of the summer and winter day trips possible from the hut. The potential is outstanding from this single hut including summer hikes to Asulkan Pass or up the Great Glacier Trail to the Illecillewaet Glacier, summer climbs to Sapphire Col, Mt. Sir Donald, and Avalanche Peak; winter ski tours to Young's Peak, the Seven Steps of Paradise, the Dome Glacier – the list goes on and on. Go and explore for yourself, you will not be disappointed!

The Wheeler Hut is quite luxurious! A propane system provides the cooking and lighting, with two wood stoves for heating. The hut sleeps 30 in summer and 24 in winter."

Scope & Content:

Sub-series of hut registers from the A. O. Wheeler Hut produced by the Alpine Club of Canada between 1989 and 2016. Registers include entries from visitors to the huts which pertain to individuals' hiking and climbing trips; details of specific events which occurred while staying at the hut, wildlife sightings, custodial issues and updates, and related topics.

The sub-series is separated into individual hut registers, arranged by date:

History /

Biographical:

Abbot Pass Hut was built in 1922 and sits at an elevation of 2,926 meters. It is one of the highest structures in Canada. The hut was named after Philip Stanley Abbot who had died from a fall during the first known attempt to reach the summit of Mount Lefroy. The hut was a national historic site, but the hut was closed to visitors in 2018 due to the erosion of the slope beneath the hut. On June 30, 2022 Parks Canada officially removed Abbot Pass Hut, due to those environmental factors.

Scope & Content:

Sub-series of hut registers from Abbot Hut produced by the Alpine Club of Canada between 1954 and 2017. Registers include entries from visitors to the huts which pertain to individuals' hiking and climbing trips; details of specific events which occurred while staying at the hut, wildlife sightings, custodial issues and updates, and related topics.

History /

Biographical:

The Alpine Club of Canada, the national mountaineering club, was co-founded in 1906 by A. O. Wheeler and Elizabeth Parker, and other like-minded climbers. The club espoused scientific study and exploration, cultivation of art, public education, acquisition of climbing skills, and preservation of natural areas within the mountainous regions of Canada. Through a national executive, local sections and volunteer committees, the club provided climbing camps, clubhouse, huts, and publications, including the Canadian Alpine Journal. ACC expeditions and projects resulted in pioneer exploration, first ascents, and included mountain warfare training during the Second World War. In recent years, the club's membership has increased dramatically with the popularity of climbing and its programs have evolved to serve the needs of unguided climbers using sophisticated technical aids.

Scope & Content:

Fonds constitutes the principal resource for the study of the history of Canadian mountaineering. It provides a wealth of information on individual alpinists, expeditions, mountains, national parks, conservation, climbing, alpine organizations, publications, guiding, scientific study and the Alpine Club itself.

The fonds consists of four Sous-fonds: I. Alpine Club of Canada records; II. Mount Everest Expedition (1982) records; III. Personal papers and photographs; IV. Other material. Club administration records (series I.A.) pertain to executive positions; head office; finance; camps, climbing and treks; expeditions; huts and properties; clubhouses; library; publications; photography; other committees; other activities; and other. Other club records include section records (series I.B.), hut registers and summit records (series I.C.).
