## Boulder Pass

<https://archives.whyte.org/en/permalink/artifactcam.02.05>

Artist: Michael Cameron (1955 – , Canadian)

Title: Boulder Pass

Date: 2003

Medium: oil on reclaimed door

Dimensions: 75.0 x 75.0 cm

Description: A highly varnished painting of Boulder Pass. At the bottom of the image there is snow that sweeps up the right side of the image and caps a rocky cliff. The snow is quite yellow at the centre of the image but becomes shadowed and dark in the bottom right corner. A lower snow-capped cliff is in the lower left corner. It forms a pass between it and the cliff on the right. The sky is quite dark at the top of the image but quite cloudy and grey-yellow lower down at the centre of the image. The vantage point makes the viewer feel as if they are peering over the ledge of a cliff and that all that is visible is sky.
