Miniature; Model Teepee

<https://archives.whyte.org/en/permalink/artifact101.01.1004>

Title:	Miniature; Model Teepee
Date:	prior to 1975
Material:	wood; skin; hair; stone
Description:	A tepee made of sticks and tanned hide glued together to form the traditional cone shaped top. The flap in front is formed from small bits of wood looped together. The front part of the tepee above the flap does not reach the top. This allows a hole for air. Inside the tent there is a ring of stones for the fire pit. Animal hair for bison hides.
