A WORD TO YOU

The attractions around Banff are varied and many. This little folder shows perhaps two days' entertainment that the visitor will enjoy—yet weeks could be spent here with pleasures untold every day. The King Edward Hotel situated in the centre of Banff makes every effort for its guests to remember their stop over in the Canadian Rockies. For twenty-five years this hotel has never closed its doors winter or summer, and has had the extreme pleasure of entertaining many thousands of people from all parts of the world.

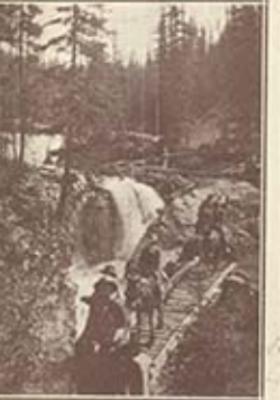

The guests of the King Edward Hotel will find every accommodation desired. Under the one roof, there operate the only theatre in Banff, a strictly up-to-date drug store, barber and beauty parlors, the Alberta Liquor Control Board, and a government licensed parlor. There are eighty bedrooms, half of which have private baths and which are furnished to give complete rest to the tired traveler. Simmons beds and Ostermoe mattresses answer now.

AUTOMOBILE SERVICE

Nothing in the park is better than this fleet of cars, consisting of Whites, Studebakers, Buicks and Packards, which are prepared to handle any size parties. They make daily trips from the King Edward Hotel over some 350 miles of auto roads under Dominion Government Licensed Drivers, with government made tariffs. The King Edward Hotel "tells you where to go, then takes you there."
