THE ST. NICHOLAS GATEWAY, LINCOLN

Old Hill Gate House, Seven Dials, Worcester.
 These interesting little houses, some of them built in the 17th and 18th centuries, were used for collecting tolls. The first one built was just by the same man, one William Burrell. In connection with the reconstruction of the Seven Dials in 1825 some of the buildings were removed. In early days the houses formed the boundary line between English and Welsh territory.

Abbott Rymald's Gateway, London.
 Built about the year 1300.

Old Way, Colgate Tower, Worcester.
 It was a stronghold of King Charles II during the Civil War.
